

Global Health #8 Specific I

Teacher Name: **Mr. Barrow**

Student Name: _____

CATEGORY	4	3
The observations on the guest speaker's presentation show evidence of paying close attention; they are thoughtful and include ideas for potential culminating project steps.		
The notes on environmental issues explored in this lesson are clear and complete.		
The summary of three potential issues to focus on for the culminating project demonstrates an ability to compare a range of environmental issues and evaluate their relative need to be addressed by the global health community.		
The diagram of a specific issue makes the connection between health determinant(s), environmental risk factor(s), and disease easy to understand.		
The assignment is neat and uses proper spelling and grammar.
