Teacher Name: **Mr. Barrow**

Student Name: \_\_\_\_\_

CATEGORY	4	3	2
The notes on nutrition issues explored in this lesson are clear and complete.			
The answers to questions about the cycle of malnutrition are thorough and demonstrate a close reading of the article they are based on.			
The summary of three potential issues to focus on for the culminating project demonstrates an ability to compare a range of nutritional issues and evaluate their relative need to be addressed by the global health community.			
The assignment is neat and uses proper spelling and grammar.
